

June 24, 2020

Dear Friend,

We have been living through an unexpected season of isolation and fear. This has been difficult for everyone. Those who struggle with fear, anxiety and depression have been especially affected by the COVID pandemic. Economic instability and job loss have added to the fear and anxiety many are feeling at this time.

Counseling services are needed more than ever. However, many are not able to afford the counseling services that they need because they have no insurance or inadequate insurance.

New Hope continues to offer counseling regardless of ability to pay for those services. During the pandemic New Hope temporarily lost its main funding source when their thrift store had to close for over two months. New Hope lost over \$30,000 during that time.

New Hope is holding a Pedal for Hope fundraiser and I will be riding in this event. With your help New Hope can erase much of the deficit they incurred. I will be riding between now and the end of July. Would you help me raise funds for New Hope by sponsoring me on this ride?

Your gift will help a client at New Hope by providing the necessary finances for their sessions. Your gift will allow a client to know they can continue counseling for multiple sessions.

Thank you for prayerfully considering this request. The need at this time is as great as ever. Any contribution you can give toward my ride will help meet the needs of those in our community.

Your generosity will allow New Hope to continue to provide hope and restoration through compassionate, professional counseling.

With gratitude,

Checks should be made payable to "New Hope Community Life Ministry."
